A thank you message to outgoing Board Director David McCallum

David has served on BCC's Board of Directors for 12 years — a remarkable tenure that reflects his deep dedication and commitment to our community. His years of service have encompassed some of the most challenging and rewarding periods in BCC's history, and we are profoundly grateful for the time, energy, and leadership he has devoted to our organization.

During his time on the Board, David provided strong and steady leadership, notably as Chair during the COVID-19 pandemic and throughout BCC's transition to the \$10-a-day program. His guidance helped navigate complex changes with clarity, compassion, and resilience.

Perhaps David's most significant contribution has been his unwavering commitment to truth and reconciliation. As a child care centre situated on the unceded and traditional territories of the Squamish Nation, BCC bears a special responsibility to honour and respect all peoples by fostering a space of learning, inclusion, and belonging through early childhood education. David has been a driving force in advancing this journey — courageously acknowledging uncomfortable truths, and celebrating the hope and enthusiasm of our children as active participants in reconciliation.

David's sincere care for the BCC community — its teachers, staff, families, fellow Board members, and children — will be deeply missed. We are truly thankful for his many years of thoughtful leadership and heartfelt service.

Thank you, David, for everything you've done for BCC!
